

## 17th European AIDS Conference Extending its reach to Eastern and Central Europe

EACS wishes to make the 17th European AIDS Conference accessible to East and Central European countries by offering **Russian interpretation** over the four days of the Conference. Some 16 sessions will be simultaneously translated and accessible free of charge to all conference delegates.

Будет организован синхронный перевод 16-ти сессий на русский язык. Просто возьмите ваш смартфон и наушники!

**EACS** is organising, together with **ECDC** and **BHIVA**, a special session on November 9, 2019, 11:00-12:45 on **Status report and standard of care**. This session will be available in Russian.

EACS, ECDC and BHIVA are collaborating on a project initiated within the EACS Standard of Care meetings, with the objective to improve the standard of care delivered to people living with HIV across Europe and to establish a mechanism to measure and report performance against these standards at a local, national and regional level. Three topics have been proposed for the first round of auditing (Hepatitis, TB co-infection and late HIV diagnosis) and this session will include talks on all three topics, including overviews of the current epidemiology in Europe and in specific regions, relevant management standards and audit results of a pan-European pilot and national audits.

The [standard registration fee](#) applies until October 8, 2019. A reduced fee is available for allied professionals, students and community members. Do not miss your chance!

Registering early will give you the opportunity to register to the [pre-educational course and the WAVE workshop](#) taking place on November 6, 2019. These sessions are free of charge but organised on a first-come first-served basis.

[Clinical cases](#) can be submitted until September 2, 2019. Selected clinical cases will be presented during the dedicated session, chaired by Hansjakob Furrer (Switzerland) and David Jilich (Czech Republic), on Saturday, November 9, 2019.

We are pleased to announce our [HIV-positive art exhibition](#). Submissions of art

works are welcome until September 1, 2019. Accepted artists will receive a complimentary registration to the Conference. Prizes will be awarded for the best three art works.
