

EACS Newsletter - March 2024

NEWS

Register for the Career Development Fellowship Programme until 31 March

You can apply for the Career Development Fellowship Programme. The programme aims to link an HIV physician in training with an established European key opinion leader, over a period of 12 months, to facilitate mentorship and help career progression.

The fellowship programme will follow specific objectives set by the mentor and the fellow and will include:

- a) 12-month mentoring;
- b) Participation to the HIV Glasgow conference together with the mentor;
- c) An optional visit of 2 to 4 weeks of the fellow to the mentor's host institution.

The applications are now open until 31 March 2024.

Submit your application for the HIV Summer School 2024

The HIV Summer School is a 5-day residential course designed for clinicians involved in HIV management who wish to deepen their knowledge about all aspects of HIV medicine and research methodology.

The course will take place from **9-13 September in Prague, Czechia**.

The course is delivered by an experienced faculty of key opinion leaders in the fields of HIV clinical care and research. Teaching is based around a combination of plenary sessions, which provide updates on the recent advances in HIV clinical science and a general introduction to clinical research methodology, and interactive small working groups led by faculty members.

Applications are open until 9 April 2024

Apply for the Short Clinical Exchange Programme

Applications for the Short Clinical Exchange Programme (SCEP) are now open!

Under the umbrella of the EACS Medical Exchange Programme, SCEP aims at promoting clinical, research and educational links between centres across Europe and facilitating exchange of models of clinical care in HIV medicine and allied specialities.

Fellows will have the opportunity to visit an EACS Clinical/Research Excellence Center (CREC) specialised in HIV medicine for a period of 2 to 4 weeks. The CREC can also nominate a member of its team for a reciprocal visit for the same period of time and with the same financial rules.

Visit our website for more information on the application process, the eligibility criteria and the list of Clinical/Research Excellence Centers that can be visited.

The applications are open until **29 April 2024**.

Call for speakers for the WAVE in Ukraine online workshop in May

WAVE is organising its 10th WAVE in Ukraine online workshop “**On track to improve the health of women living with HIV**” on 30 & 31 May 2024, 16:00-17:30 CEST.

WAVE is looking for speakers and discussants for the following topics:

- PrEP for women in Europe - availability and administration
- Testing among women in Europe

“On track to improve the health of women living with HIV – Ukraine” is one of WAVE’s main educational activities. Each webinar is composed of **two 90-minute sessions taking place over two days**. Each session features mini lecture(s), panel discussions and case driven discussions covering different topics. The faculty comes both from Western Europe and Ukraine. The webinars are streamed in 2 languages: English and Ukrainian with simultaneous translation.

If you are interested and would like to give a lecture, participate as a discussant, or present a case please let us know **by 29 March** by contacting WaveSecretariat@eacsociety.org

WAVE's message for International Women's Day 2024

In honour of International Women’s Day 2024, we would like to highlight the accomplishments of WAVE (Women Against Viruses in Europe) throughout the years.

Since 2018, WAVE has been tirelessly advancing its mission through established research networks, focusing on key areas vital to women's health and well-being. Our commitment extends to providing expert guidance and education, ensuring standards of care for all women, especially those living with HIV. Additionally, we are dedicated to filling research gaps within this population and providing expert opinions to bridge any evidence deficiencies.

Register for the PentaTr@ining 2024: HIV & other Congenital Infections

The recently upgraded course will consist of 6 in-depth online modules, including lively case discussion forums, engaging “Ask the Expert” live webinars, unique networking opportunities, and a wealth of further educational tools/resources.

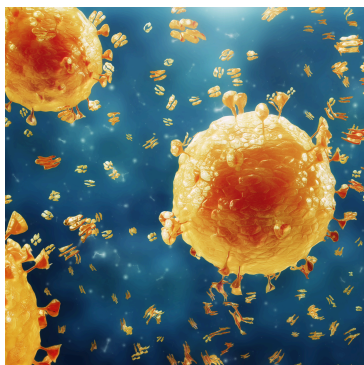

To consolidate the online learning, the exciting training programme will also include a bespoke 3-day residential workshop held at the historic University of Padua in northern Italy, just a short distance from Venice.

The fully immersive course will improve the professional capacity of even the most remote healthcare workers around the globe in the management of children, adolescents and pregnant people living with HIV and other congenital infections.

Online course: 22th April – 14th July

Residential workshop: 17th-19th September
