How can you help?
HIV in Europe is calling on the European community to unite for a week during November 2017, to increase awareness regarding the benefits of HIV and hepatitis testing; so that more people become knowledgeable about their risks, understand that there is effective treatment available and are aware of their HIV and/or hepatitis status.

What is testing week?
European HIV-Hepatitis testing week offers partners across Europe the opportunity to unite to increase awareness of the benefits of HIV and hepatitis testing among those who are at risk.

SIGN-UP NOW AND GET INVOLVED!

- **Government bodies** and officials can help raise awareness of the benefits of HIV and hepatitis testing.
- **Healthcare professionals** can offer HIV and hepatitis tests where relevant.
- **Community organisations, mobilisers and community members** can help to increase awareness and access to HIV and hepatitis testing.

Visit [www.testingweek.eu](http://www.testingweek.eu) to find out how to join the campaign and become part of European HIV-Hepatitis testing week.
